INDEPENDENT AUDITORS' REPORT

Board of Directors Arcata Fire Protection District Arcata, California

We have audited the accompanying financial statements of the governmental activities of Arcata Fire Protection District as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the State Controller's Minimum Audit Requirements for California Special Districts. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the governmental activities of Arcata Fire Protection District as of June 30, 2015, and the changes in financial position thereof, for the year then ended in accordance with accounting principles generally accepted in the United States of America as well as accounting systems prescribed by the State Controller's Office and state regulations governing special districts.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the schedule of the District's proportionate share of the net pension liability, the schedule of the District's contribution to their retirement plan, and the schedule of funding progress for the other post-employment benefits plan and the budgetary comparison information as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Government Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Management has chosen to omit the management discussion and analysis. Our opinion of the basic financial statements is not affected by the missing information. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

ARCATA FIRE PROTECTION DISTRICT

Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances to the Statement of Activities For the Year Ended June 30, 2015

Net change in Fund Balance	\$ (169,347)
Repayment of long term lease payable is an expenditure in the governmental funds, but the repayment reduces the long term liabilities in the statement of net assets.	119,698
Capital asset purchases require the use of current financial resources and are reported as expenditures in the governmental funds, but the purchases are capitalized in the statement of net assets.	25,603
In the statement of activities the loss on the sale of fixed assets is reported. In the governmental fund the proceeds from the sale of fixed assets increases financial resources. The change in net assets differs from the change in fund balance by the cost of fixed assets sold.	(20,791)
Expenditures in the statement of activities that do not require current financial resources are not reported as expenditures in the fund.	
These expenditures include: Depreciation	(277,881)
Other post-employment benefits	(368,909)
Repayment of employee benefits payable is an expenditure in the governmental funds, but the repayment reduces the long term liabilities in the statement of net position.	7,223
Repayment of pension benefits payable is an expenditure in the Governmental funds, but the repayment reduces the long term liabilities in the statement of net position.	 17,057
Change in Net Position	\$ (667,347)

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Arcata Fire Protection District (the district) was formed on June 1, 1944 with the approval of the Humboldt County Board of supervisors. The State of California issued a Certificate of Existence to the District on March 10, 1958. Under the provisions of the Health & Safety Code, the District was reorganized under the Fire Protection District Law of 1987 (H & S Code Sections 13801-13999).

This summary of significant accounting policies of the District is presented to assist in understanding the financial statements. The financial statements and notes are representations of management, who is responsible for their integrity and objectivity. These accounting policies have been consistently applied in the preparation of the financial statements.

A. Reporting Entity

These financial statements present financial information for the District (the primary government). No component units were determined to exist; therefore, none are included in these financial statements.

In evaluating how to define the District for financial reporting purposes, management has considered all potential component units. Component units are legally separate entities for which the District (the primary entity) is financially accountable. Financial accountability is defined as the ability to appoint a voting majority of the organization's governing body and either 1) the District's ability to impose its will over the organization or 2) the potential that the organization will provide a financial benefit to, or impose a financial burden on the District. Using these criteria the District has no component units. The following is a brief review of each potential component unit addressed in defining the District's reporting entity. *Included* within the reporting entity is the Arcata Fire Protection District. *Excluded* from the reporting entity are several other entities, including the County of Humboldt (the County), the City of Arcata, Humboldt State University, McKinleyville Community Services District, Manila Community Services District, Humboldt Bay Municipal Water District and the Arcata Volunteer Firefighter Association, which provides services to the Arcata Fire Protection District.

B. Measurement Focus/Basis of Accounting

Measurement focus refers to what is being measured; basis of accounting refers to the timing of the recognition of revenues and expenditures in the accounts and their reporting in the financial statements.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

B. Measurement Focus/Basis of Accounting (continued)

Government-Wide Financial Statements

The government-wide statement of net position and statement of activities are reported using the economic resources measurement focus and the accrual basis of accounting. The economic resources measurement focus means all assets and liabilities (whether current or non-current) are included on the statement of net position and the operating statements present increases (revenues) and decreases (expenses) in net total position. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used.

The statement of activities reduces gross expenses (including depreciation) by program revenues. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or the economic asset is used.

In the government-wide financial statement, equity is classified as net position, and is made up of cumulative net earnings from operations, non-operating revenues and expenses, and capital contributions. Net position is reported in the following three categories:

Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by balances owed on any borrowings used in the acquisition, construction or improvement of those assets.

Restricted refers to that portion of net position that has constraints upon its use imposed by contributors, creditors, such as through debt covenants, or by laws of other governmental entities, or constraints by law through constitutional provisions or enabling legislation. The District's Measure M Fund is restricted by law.

Unrestricted net position is the component of net position that does not meet the definition of either "net investment in capital assets" or "restricted".

Governmental Fund Financial Statements

The District is a special-purpose government engaged in a single governmental program. The general fund is the only fund of the District. The fund financial statements, comprising the balance sheet and the statement of revenues, expenditures and changes in fund balance (governmental funds), are reported using the current financial resources measurement focus and is accounted for using the modified accrual basis of accounting. Revenues are recognized when susceptible to accrual, i.e., when they become measurable and available. Measurable means the amount can be determined. Available means collectible within the current period or within 60 days after year-end. Expenses are generally recognized under the modified accrual basis of accounting when the related liability is incurred.

ARCATA FIRE PROTECTION DISTRICT

NOTES TO THE FINANCIAL STATEMENTS June 30, 2015

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

B. Measurement Focus/Basis of Accounting (continued)

Governmental Fund Financial Statements (continued)

On the balance sheet and the statement of revenues, expenditures and changes in fund balances, equity is classified as fund balance, and is further classified as follows:

Nonspendable represent amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact. The District has nonspendable funds in form of prepaid insurance.

Restricted funds are amounts that can be spent only for specific purposes because of constraints that are externally imposed by; grantors, contributors or creditors; by enabling legislation; or the laws or regulations of other governments.

Committed funds are amounts that can only be spent on specific expenditures as determined by a formal action of the Board of Directors. The Board is the highest level of decision-making authority for the District, and commitments can only be established, modified or rescinded through resolutions or motions approved by the Board.

Assigned are amounts that do not meet the criteria to be classified as committed or restricted, but that are intended to be used for specific purposes. Only the Board has the authority to assign amounts for specific purposes.

Unassigned are all remaining spendable amounts that do not meet the criteria of either restricted, committed, or assigned.

C. Net Position/Fund Balance Policies and Flow Assumptions

In the event that the District will fund outlays for a particular purpose from both restricted and unrestricted net position, a flow assumption must be made about the order in which the resources are considered to be applied and reported in the government-wide financial statements. It is the District's policy to consider restricted net position to have been depleted before unrestricted net position is applied.

If the District were to fund outlays for a particular purpose from both restricted and unrestricted fund balances as described in Note B, a flow assumption must be made about the order in which the resourced are considered to be applied and reported in the fund financial statements. When fund balance resources are available for a specific purpose in more than one classification, it is the District's policy to use the most restrictive funds first in the following order: restricted, committed, assigned, and unassigned as they are needed.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

D. Budgets

The District follows these procedures in establishing its budget. Budgetary data is reflected in these financial statements.

- 1. The Fire Chief submits to the Board of Commissioners a proposed operating budget for the fiscal year commencing on July 1.
- 2. Public hearings are conducted to obtain taxpayer comments.
- 3. The Budget is legally adopted by October 1.

E. Encumbrances

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the future expenditure of funds are recorded in order to reserve that portion of the applicable appropriation, is not employed by the District.

F. Capital Assets

Capital assets purchased or acquired with an original cost of \$5,000 or more are reported at historical cost or estimated historical cost if actual historical cost is not available. Donated fixed assets are valued at their estimated fair value on the date donated. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for maintenance and repairs are expensed as incurred.

Depreciation of all exhaustible capital assets is charged as an expense with accumulated depreciation reflected in the statement of net position. Depreciation has been provided over the estimated useful lives using the straight-line method. The estimated useful lives are as follows:

Trucks and equipment	5-25	years
Buildings and improvements	30	vears

G. Compensated Absences Payable

Most District employees earn annual vacation leave of 12 to 42 days, depending how long they have been employed, and whether they work a 56 hour work week or a 40 hour work week. They may carry over between 50 to 75 days to the next calendar year. Sick leave with pay is earned at the rate of 12 hours per month, with no limitation on the accrual of unused sick leave.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

H. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the CalPERS's Safety Plan, the Safety Fire Second Tier Plan and the Miscellaneous Plan and additions to/deductions from the Plans fiduciary net position have been determined on the same basis as they are reported by the Plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

NOTE 2- CASH, CASH EQUIVALENTS, AND INVESTMENTS

The District has no self-directed investments. The District's investments consist of cash in banks and funds invested in pooled investment funds maintained by other agencies as follows:

Cash in banks- unrestricted	\$ 269,868
Cash in banks - restricted	244,770
Cash in County Treasury-unrestricted	1,783,941
Cash in County Treasury-designated	981,516
Imprest cash	 250
Total cash, cash equivalents and investments	\$ 3,280,345

Funds of the District deposited in the general checking and savings are insured by federal depository insurance up to \$250,000, and collateralized for the remainder of the total deposits. The District's investment policy does not restrict the amount the District may deposit with any one issuer and the policy states that all excess funds not required for immediate use be deposited in the County Treasurer's Investment Pool.

Cash in County Treasury is cash deposited in an external investment pool administered by the County of Humboldt Treasurer's Office. The cash balance is pooled with funds from other entities and invested by the Humboldt County Treasurer for the purpose of maximizing investment earnings. Interest earned from the pool is distributed to the participating funds based on their average daily balance within the pool. The District considers the cash deposited in the County Treasurers Investment Pool to be cash equivalents.

The District accounts for cash equivalents in the County Treasurer's Investment Pool at the lower of cost or fair value. Fair value is calculated annually based on statistics provided by the County Treasurer. Fair value is the amount at which a financial instrument could be exchanged in a current transaction between willing parties. Based on this determination the unrealized increase in fair value of the investments was not recognized and is not included in the balances reported in these financial statements.

NOTE 2- CASH, CASH EQUIVALENTS, AND INVESTMENTS (continued)

The Humboldt County Treasurer's Investment Pool is administered by the County of Humboldt Treasurer's Office and conforms to the California Government Code. The County's portfolio normally consists of U.S Treasury issues, U.S Agency agreements, bankers' acceptances, and the Local Agency Investment Fund. All cash invested by the County in demand deposit accounts is collateralized to 110% with approved U.S Government securities such as Treasury Bills and other U.S Treasury issues.

The District's Board has assigned funds that are allocated among three accounts: Capital Improvements account, Contingency account, and PERS account. The PERS account allows the District the ability to make lump sum payments to PERS on an annual basis which saves on cost and to compensate for unanticipated increases in PERS contributions. The Contingency account provides the District with emergency funds for large/high cost building repairs, equipment replacement, apparatus repairs and similar unanticipated expenditures. The Capital Improvements account allows the District to coordinate funding of capital improvement projects or apparatus replacement within the normal operating budget.

The accounts are held in the County Treasury and had the following balances at June 30, 2015:

Contingency account	\$ 153,425
PERS account	450,000
Capital Improvements account	 378,091
Total Cash in County Treasury – assigned	\$ 981,516

Also see Note 14 for a summary of assigned fund activity for the year ended June 30, 2015.

NOTE 3- SPECIAL TAX

On November 5, 1996, state voters approved Proposition 218 which nullified the Arcata Fire Protection Benefit Assessment upon which the District had relied for approximately 30% of its funding for over ten years.

On June 3, 1997, the voters in the District approved a special tax to replace those funds lost when Proposition 218 was passed. The tax, which is assessed on units or multiple units of benefit, ranges from \$5 for a single-family residence to \$100 for heavy industrial use. The special tax is assessed, collected and distributed to the District by the County.

On August 25, 2006, a benefit assessment was passed by the voters in the Arcata Fire Protection District. There is no expiration to this benefit assessment. The assessment is \$22 per unit of benefit, which equates to \$22 to \$264 depending upon the land use code. The revenue is collected by the County of Humboldt for all parcels except parcels deemed by the County of Humboldt to be of low value or owned by a public entity. The billing and collection of fees for the low value or public owned parcels is done by the District. Fees collected by the District for the low value and public entity owned parcels are deposited into the District's Cash in County Treasury account.

NOTE 4- PROPERTY TAXES

The lien date for secured property taxes is March 1 of each year. Taxes are levied as of July 1 on all secured real property and are due and payable November 1 and February 1 of the following fiscal year. The County is responsible for assessing, collecting, and distributing property taxes in accordance with enabling legislation.

Since the passage of California Proposition 13, beginning with fiscal year 1978-79, taxes are based either on a 1% rate applied to the 1975-76 assessed value of the property, or on 1% of the sales price of the property on sales transactions and construction which occur after the 1975-76 assessment. Assessed values on properties (exclusive of increases related to sales transactions and improvement) can rise at a maximum of 2% per year. The amount collected by the County is distributed in accordance with State law to the various public agencies. Therefore, the District does not levy a specific tax rate but receives a share of the property tax revenue based on the state formula. The District's tax rate is \$.06/\$100 of assessed value, the maximum allowable under Proposition 13.

During fiscal year 1993-94, an alternate method of property tax allocation (the "Teeter Plan") was adopted. Under this plan, the County Auditor-Controller distributes 100 percent of current secured taxes billed to taxing entities during the current year, whether collected or not. The District recognizes property tax revenues (including tax increment revenues) to the extent of each year's tax allocation received or to be received within 60 days after the end of each fiscal year.

The District's share of the taxes collected by the County is calculated based on a formula established by the State of California.

NOTE 5- DEFERRED COMPENSATION PLAN

The District offers employees a deferred compensation plan created in accordance with Internal Revenue Service Code Section 457. The plan, available to all full-time non-seasonal District employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency.

The plan was revised in 1999 by the plan administrator. The assets of the retirement plan are held in a trust for the exclusive benefit of the participants and their beneficiaries and are not accessible by the government or its creditors. The participants or beneficiaries assume the risk of loss from declines in the value of plan assets. The plan is administered by an independent plan administrator.

Effective June 30, 1999, the District adopted GASB 32 which provides accounting and reporting guidance for deferred compensation plans under the revised provisions of IRC section 457. Under GASB 32, the assets and liabilities of the plan are not reported in the financial statements of the District.

NOTE 6 - PENSION PLAN

a. Plan Description

The District contributes to three retirement plans, the safety plan, the safety fire second tier plan and the miscellaneous plan, under the California Public Employees' Retirement System (CalPERS), a cost-sharing multi-employer public employee retirement system defined benefit pension plan that acts as a common investment and administrative agent for participating public entities within the State of California. The safety and safety fire second tier plans cover the District's firefighters and the miscellaneous plan covers other District employees.

b. Benefits

The plans provide retirement, disability, and unused sick leave benefits; annual cost-of-living adjustments; and death benefits to plan members and beneficiaries. Menus of benefit provisions, as well as other requirements are established by state statutes, as legislatively amended within the Public Employees' Retirement Law. California Government Code, Part 3, sections 20000-21600 governs PERS and grants the authority to establish and amend the benefit terms and contribution requirements to the CalPERS Board of Trustees. The District selects optional benefit provisions from the benefit menu by contract with CalPERS and adopts those benefits through resolution. CalPERS issues a separate comprehensive annual financial report that includes financial statements and required supplementary information. Copies of the CalPERS annual financial report may be obtained from the CalPERS website at www.calpers.ca.org.

The plans are in separate risk pools that provide the following benefits:

Safety Plan – Retirement benefits are determined as 3.0% of the final 12 months average compensation. Employees are eligible to retire at age 50.

Safety Fire Second Tier – Retirement benefits are determined as 3.0% of the final 12 months average compensation. Employees are eligible to retire at age 55.

Miscellaneous Plan – Retirement benefits are determined as 2.7% of the final 12 months average compensation. Employees are eligible to retire at age 55.

All three plans provide disability benefits, a lump sum post-retirement death benefit of \$500, sick leave credit, and an annual cost of living adjustment of 2%.

On January 1, 2013, the *Public Employees' Pension Reform Act of 2013* (PEPRA) took effect in California. In addition to creating new retirement formulas for newly hired members PEPRA also effectively closed all existing active risk pools to new employees. As such it is no longer appropriate to assume that the payroll of the risk pools will continue to grow at 3 percent annually. In order to address

NOTE 6 - PENSION PLAN (continued)

b. Benefits (continued)

this and other issues, the CalPERS Board of Administration approved at their May 21, 2014 meeting structural changes to the risk pools. All pooled plans will be combined into two active pools, one for all miscellaneous groups and one for all safety groups, so the employers within the pools can once again expect the assumed 3 percent annual growth of payroll. For more information, visit www.calpers.ca.gov.

c. Contributions

The contribution requirements of the plan members are established by state statute. The District is required to contribute an actuarially determined rate. The actuarial methods and assumptions used for determining the rate are those adopted by the CalPERS Board of Administration. The required employer contribution rate for fiscal year 2014-2015 was 41.734% of annual payroll for the safety plan and 0.000% of annual payroll for the safety fire second tier plan. For the miscellaneous plan, the required employer contribution rate for fiscal year 2014-2015 was 11.644% of annual payroll. Contributions to the pension plans from the District were \$562,504.

NOTE 7 – PENSION LIABILITIES, PENSION EXPENSE, AND DEFERRED OUTFLOWS OF RESOURCES AND DEFERRED INFLOWS OF RESOURCES RELATED TO PENSIONS

As of June 30, 2015, the District reported a liability of \$3,588,852 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2014, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating fire districts, actuarially determined.

At June 30, 2014 (measurement date), the District's proportion of the net pension liabilities (NPL) for the plans is shown below:

	Safety Risk Pool NPL	AFI	PD Proportion NPL	AFPD Percentage NPL
Safety Plan	\$ 3,750,976,838	\$	3,549,567	.09463%
Safety Fire Second Tier	3,750,976,838		11,401	.00030%
Miscellaneous Plan	2,471,487,278		27,884	.00113%
	\$9,973,440,954	\$	3,588,852	

NOTE 7 – PENSION LIABILITIES, PENSION EXPENSE, AND DEFERRED OUTFLOWS OF RESOURCES AND DEFERRED INFLOWS OF RESOURCES RELATED TO PENSIONS (continued)

For the year ended June 30, 2015, the District recognized pension expense of \$562,504. At June 30, 2015, the district reported deferred outflows and deferred inflows of resources related to pensions from the following sources:

	Safety Plan		Safety Fire 2 nd Tier			sc. Plan	Total	
Deferred outflows of resources:								
2014/2015 Contributions	\$	474,493	\$	76,757	\$	11,254	\$ 562,504	
Total deferred outflows	\$	474,493	\$	76,757	\$	11,254	\$ 562,504	
Deferred inflows of resources:								
Net difference between projected and actual earnings on pension								
plan investments	\$	817,213	\$	3,442	\$	14,810	\$ 835,465	
Adjustment due to differences								
in proportions		20,203		41,932		2,856	64,991	
Total deferred inflows	\$	837,416	\$	45,374	\$	17,666	\$ 900,456	

Amounts reported as deferred outflows of resources and deferred (inflows) of resources related to pensions will be recognized in pension expense as follows:

	Safety Plan	Safety Fire 2 nd Tier	Misc. Plan	Total		
Year Ended June 30:						
2015	\$ (211,519)	\$ (15,836)	\$ (4,723)	\$ (232,078)		
2016	(211,519)	(15,836)	(4,723)	(232,078)		
2017	(210,074)	(12,840)	(4,519)	(227,433)		
2018	(204,304)	(862)	(3,701)	(208,867)		
2019						
Total deferred inflows:	\$ (837,416)	\$ (45,374)	\$ (17,666)	\$ (900,456)		

NOTE 7 – PENSION LIABILITIES, PENSION EXPENSE, AND DEFERRED OUTFLOWS OF RESOURCES AND DEFERRED INFLOWS OF RESOURCES RELATED TO PENSIONS (continued)

Actuarial Assumptions:

The total pension liability in the June 30, 2014 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement for all of the District's plans:

Inflation	2.75%
Salary increases	Varies by entry age and service
Investment rate of return	7.50%, net of pension plan investment expense, including inflation

The mortality table used was developed based on CalPERS' specific data. The table includes 20 years of mortality improvements using Society of Actuaries Scale BB.

All other actuarial assumptions used in the June 30, 2014 valuation were based on the results of an actuarial experience study for the fiscal years 1997 to 2011, including updates to salary increase, mortality and retirement rates. The Experience Study report can be obtained at CalPERS' website under Forms and Publications.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

Asset Class	Allocation	Real Return Years 1-10	Real Return Years 11+
Global Equity	47.0%	5.25%	5.71%
Global Fixed Income	19.0	.99	2.43
Inflation Sensitive	6.0	.45	3.36
Private Equity	12.0	6.83	6.95
Real Estate	11.0	4.50	5.13
Infrastructure and Forestland	3.0	4.50	5.09
Liquidity	2.0	(0.55)	(1.05)
	100.0%		

NOTE 7 – PENSION LIABILITIES, PENSION EXPENSE, AND DEFERRED OUTFLOWS OF RESOURCES AND DEFERRED INFLOWS OF RESOURCES RELATED TO PENSIONS (continued)

Discount rate:

The discount rate used to measure the total pension liability was 7.50%. According to Paragraph 30 of Statement 68, the long-term discount rate should be determined without reduction for pension plan administrative expense. The 7.50% investment return assumption used in this accounting valuation is net of administrative expenses. Administrative expenses are assumed to be 15 basis points, therefore an investment return excluding administrative expenses would have been 7.65%. This difference was deemed immaterial to the Public Agency Cost-Sharing Multiple-Employer Defined Benefit Pension Plan.

Sensitivity of the District's proportionate share of the net pension liability to changes in the discount rate:

The following presents the net pension liability (NPL) of the Plans as of the measurement date, calculated using the discount rate of 7.50%, as well as what the net pension liability would be if it were calculated using a discount rate that is 1.00% lower (6.50%) or 1.00% higher (8.50%) than the current rate:

	Disc	Discount Rate -1%(6.50%)		rent Discount te (7.50%)	Discount Rate +1%(8.50%)		
Safety Plan NPL	\$	5,613,590	\$	3,549,567	\$	1,848,901	
Safety Fire 2 nd Tier Plan NPL		19,619		11,401		4,629	
Miscellaneous Plan NPL		60,187		27,884		1,076	

Pension plan fiduciary net position:

Detailed information about the pension plan's fiduciary net position is available in the separately issued CalPERS financial report.

NOTE 8 – PRIOR PERIOD ADJUSTMENT

To record the initial balances for implementation of GASB No. 68, the District made the following adjustments:

	Debit	Credit
Safety Plan:		
Beginning net position – June 30, 2013	3,960,716	
Deferred outflows of resources - contributions made		
during the fiscal year ended June 30, 2014	427,234	
Net pension liability, Safety Plan		4,387,950
Safety Fire 2 nd Tier Plan:		
Beginning net position – June 30, 2013		53,932
Deferred outflows of resources - contributions made		
during the fiscal year ended June 30, 2014	69,028	
Net pension liability, Safety Fire 2 nd Tier Plan		15,096
Miscellaneous Plan:		
Beginning net position – June 30, 2013	37,077	
Deferred outflows of resources - contributions made		
during the fiscal year ended June 30, 2014	7,863	
Net pension liability, Miscellaneous Plan		44,940
The overall effect of the above adjustments on the accompanying financial	al statements is:	
Decrease in net position	3,943,861	
Increase in deferred outflows of resources	504,125	
Increase in net pension liability	(<u>1000)</u>	4,447,986
	<u>\$ 4,447,986</u>	<u>\$ 4,447,986</u>

NOTE 9 – OTHER POST- EMPLOYMENT BENEFITS

Plan Description

The district provides post-employment health care benefits through a single employer defined benefit plan. Retirees who are age 50 or over are eligible to obtain medical coverage. Medical coverage is also provided for the surviving spouse of retired employees and the surviving spouse of active employees who upon death had attained age 50 and who had a minimum of 10 years of service with the District. The Plan does not provide a publicly available financial report.

NOTE 9 – OTHER POST- EMPLOYMENT BENEFITS (continued)

Funding Policy

The contribution requirements of the plan members and the District are established and may be amended by the District and/or the employee associations. The District is currently funding this OPEB obligation on a pay-as-you-go basis. For the year ended June 30, 2015, the District paid \$ 167,060 in health care costs for its retirees and their covered dependents.

Annual OPEB Cost and Net OPEB Obligation

The District's annual OPEB cost (expense) is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and to amortize any unfunded liabilities of the plan over a period not to exceed thirty years.

The following table shows the components of the District's annual OPEB cost, the amount actually contributed to the plan, and changes in the District's net OPEB obligation to the Retiree Health Plan for the year ended June 30, 2015:

Annual required contribution	\$	572,493
Interest on net OPEB obligation		79,823
Adjustment to annual required contribution	9	(85,344)
Annual OPEB cost (expense)		566,972
Actual contributions made Increase in net OPEB obligation	-	(198,063) 368,909
Net OPEB Obligation – beginning of year	-	1,773,852
Net OPEB Obligation – end of year	\$ 2	2,142,761

The District's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for the five years ended June 30, 2015 were as follows:

			Percentage	
Fiscal	Annual		of Annual	Net
Year	OPEB	Actual	OPEB Cost	OPEB
Ended	Cost	<u>Contribution</u>	Contributed	Obligation
06/30/11	\$ 484,470	\$ 134,733	27.81%	\$ 349,737
06/30/12	517,591	138,161	26.69%	379,430
06/30/13	506,904	153,531	30.22%	353,373
06/30/14	536,092	190,613	35.56%	345,479
06/30/15	566,972	198,063	34.93%	368,909

NOTE 9 – OTHER POST- EMPLOYMENT BENEFITS (continued)

Funded Status and Funding Progress

As of July 1, 2014, the plan was zero percent funded. The actuarial accrued liability for benefits was \$6,226,097 and the actuarial value of assets was zero, resulting in an unfunded accrued liability (UAL) of \$6,226,097. The covered payroll (annual payroll of active employees covered by the plan) was \$1,368,626 and the ratio of the UAL to the covered payroll was 454.92%.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about rates of employee turnover, retirement, mortality, as well as economic assumptions regarding claim costs per retiree, healthcare inflation and interest rates. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future.

Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations. In the July 1, 2012 actuarial valuation, the entry age normal cost method was used. The actuarial assumptions included an investment interest rate of 4.5% per annum, a projected salary increase of 3.25% per annum and a general inflation rate of 3.00% per annum.

See the required supplementary information on page 33 for the schedule of funding progress for other post-employment benefit plans.

NOTE 10 - BONDED INDEBTEDNESS AND LONG-TERM DEBT

The District has no bonded indebtedness.

In 1983-84 the District received \$58,861 from the State of California for business inventory subventions. Subsequent collections of special appropriations and supplemental roll tax collections reduced the advance to \$29,952 as of January 15, 1986, and on April 3, 1986, the State of California and the District entered into a loan agreement for that amount at 0% interest. At June 30, 2015, the District's unpaid balance was \$27,967.

NOTE 10 - BONDED INDEBTEDNESS AND LONG-TERM DEBT (continued)

A lease with an option to purchase two 2007 Ferrara Engines and one 2008 Ferrara Engine was executed on March 14, 2011 in the amount of \$470,700. The lease calls for annual payments in the amount of \$91,886 for six years beginning January, 2012. This lease was a refinance of the previous lease that originated on September 26, 2006 and had a remaining balance of \$459,292 at the time of the refinance.

On March 14, 2011 an additional lease with an option to purchase two new Ferrara Engines was executed in the amount of \$832, 930. The lease calls for annual payments in the amount of \$76,018 for six years beginning January, 2012, followed by three payments of \$167,905 and a final payment of \$159,685. The two new engines were delivered to the District in November, 2011.

A schedule of changes in long-term debt for the year ended June 30, 2015, is shown below:

	Balance				Balance			Balance
	_July	1, 2014		Additions	De	eductions	<u>Jun</u>	e 30, 2015
State loan payable Refinance Ferrara truck loan	\$	27,967 250,276	\$	-	\$	79,397	\$	27,967 170,879
New Ferrara truck loan		715,793				40,301		675,492
Total Less amount due within one year	\$	994,036	\$		\$	119,698		874,338 (125,672)
Long-term debt, net of current portion							\$	748,666

The annual debt service requirements to maturity are as follows:

Year ending	Total		
June 30,	Payment	Interest	Principle
2016	167,905	42,234	125,671
2017	167,905	35,963	131,942
2018	167,905	29,379	138,526
2019	167,905	22,468	145,437
2020 and thereafter	355,559	22,797	332,762
Totals	\$ 1,027,179	\$ 152,841	\$ 874,338

NOTE 11-CAPITAL ASSETS

The following table summarizes the changes in components of the capital assets for the fiscal year ended June 30, 2015:

	Balance					Balance
	 6/30/14	-	Additions	Deletions	0	6/30/15
Land	\$ 224,630	\$	-	\$ -	\$	224,630
Buildings	412,530		-	(66,481)		346,049
Equipment	4,872,502		25,603	(65,989)		4,832,116
Less accumulated depreciation	(2,334,304)	_	(277,881)	 111,679	_	(2,500,506)
Capital assets net of depreciation	\$ 3,175,358	\$	(252,278)	\$ (20,791)	\$	2,902,289

The annual deprecation charged to expense for the year ended June 30, 2015 was \$277,881.

NOTE 12- RISK MANAGEMENT

The district is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and health and welfare of employees.

The District purchases insurance coverage from FAIRA (Fire Agencies Insurance Risk Authority). FAIRA provides coverage for automobile, general liability, errors and omissions losses and property as follows:

Auto liability –combined single limit	\$ 1,000,000
General aggregate	2,000,000
Management liability	1,000,000
Umbrella liability	10,000,000
Each occurrence or wrongful act	1,000,000
Garagekeepers legal liability	250,000

For the fiscal year ending June 30, 2015, the annual premium to FAIRA was \$10,964.

The County of Humboldt, Risk Management Division, Workers Compensation Program, a risk sharing pool administered by the County, provides worker's compensation benefits for its members. The premium paid to the County for the fiscal year ending June 30, 2015 was \$74,766.

Management believes coverage maintained is sufficient to preclude any significant uninsured losses to the District.

NOTE 13- SPECIAL DISTRICT EXPENSE

Special District Expense for the year ended June 30, 2015 included the following:

Certifications	\$ 974
Fire Prevention	1,163
Assessment adjustments	7,803
Miscellaneous	5,719
Public education	1,605
Recruitment	1,378
Reserve firefighter program	11,220
Total	\$ 29,862

NOTE 14 – ASSIGNED FUNDS EXPENDITURES AND TRANSFERS

The following table summarized the activity in the three assigned funds during the year ended June 30, 2015:

	Contingency Designation		Impi	Capital Improvements Designation		PERS esignation	_	Total
Balance at 6/30/2014	\$	265,475	\$	350,985	\$	425,000	\$	1,041,460
Plus additions: Transfers in (out): General fund – undesignated		(94,124)		38,120		25,000		(31,004)
Less expenditures:						,		, , ,
Strategic Planning Tasks		(17,926)		_0		=		(17,926)
Station Alerting System		-		(6,866)		-		(6,866)
Mad River Phone System		_		(2,731)		=		(2,731)
9 th St. Phone System Deposit			-	(1,417)				(1,417)
Total expenditures		(17,926)		(11,014)		-		(28,940)
Balance at 6/30/2015	\$	153,425	\$	378,091	\$	450,000	\$	981,516

NOTE 15 - RESTRICTED FUNDS

The District had the following restricted funds at 6/30/2015:

	F	FEMA		FEMA		FEMA FEMA		FEMA	Restricted	
	Comr	nunication	Recruitment			Hiring		Funds		
		Grant		Grant	Grant			Total		
Balance at 6/30/14	\$	63,789	\$	-	\$	=	\$	63,789		
Deposits from:										
FEMA		-		177,962		263,007		440,969		
Reimburse General Fund (63,789)			:=		-		(63,789)			
Expenditures				(22,923)		(173,276)	-	196,199		
Balance at 6/30/15	\$	_	\$	155,039	\$	89,731	\$	244,770		

NOTE 16 - FEDERAL GRANTS AWARDED

a. FEMA Assistance to Firefighters Grant (AFG) Program - Operations and Safety Program
This grant is primarily to fund a communications project that includes the replacement of outdated and
unreliable mountaintop repeaters and updating the regional Emergency Communications Center (ECC).
The ECC dispatches 40 of the 42 fire agencies in Humboldt County. The amount awarded under this grant
is \$604,578 and requires \$151,144 (20% of total expenditures) to be paid in matching funds by the
District for total expenditures of \$755,722.

The budget period of this grant is from October 31, 2011 to September 30, 2012 and the performance period is from February 12, 2012 to February 11, 2013. During the year ended June 30, 2015, there were no expenditures and no reimbursements made under this grant, only a reimbursement made to the General Fund for expenditures made from the General Fund in fiscal year 6/30/14.

b. FEMA Staffing for Adequate Fire and Emergency Response (SAFER) - Recruitment Program This grant is to provide funding directly to fire departments and volunteer firefighter interest organizations in order to help them increase the number of trained "front-line" firefighters in their communities. It is intended to be used primarily for volunteer firefighter recruitment and retention The amount awarded in this grant is \$483,236 with no matching fund requirement.

The budget period for this grant is from November 12, 2010 to September 30, 2011 and the performance period is from June 26, 2011 to June 25, 2015. During the year ended 6/30/2015, there were \$133,103 in expenditures made under this grant and \$177,962 in reimbursements received from FEMA.

NOTE 16 - FEDERAL GRANTS AWARDED (continued)

c. FEMA Staffing for Adequate Fire and Emergency Response (SAFER) - Hiring Program This grant is to provide funding directly to fire departments and volunteer firefighter interest organizations in order to help them increase the number of trained "front-line" firefighters in their communities. It is intended to be used primarily to hire and pay salaries and fringe benefits for three firefighters for two years. The amount awarded in this grant is \$553,953 with no matching fund requirement.

The budget period for this grant is from January 26, 2012 to September 12, 2012 and the performance period is from September 22, 2012 to September 21, 2014. There were \$154,604 in expenditures made under this grant during the year ended June 30, 2015 and \$263,007 in reimbursements from FEMA.

d. FEMA Grants Receivable

Grants receivable at June 30, 2015 consisted of the following:

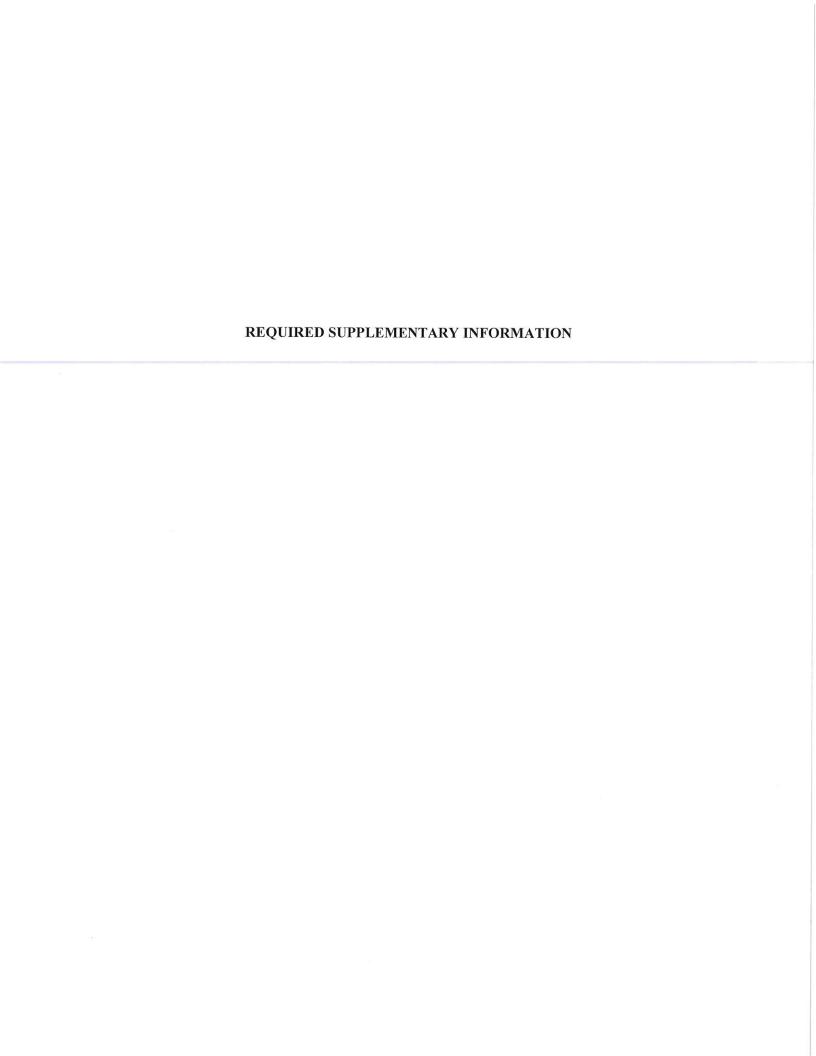

FEMA – SAFER Recruitment Grant	\$ 23,200
Total grants receivable	\$ 23,200

NOTE 17- OPERATING LEASE

The District normally leases its facility under a month-to-month lease agreement with the Arcata Volunteer Fire Department for \$5,000 per month. Because both the 9th Street and the McKinleyville Stations were being remodeled during the fiscal year ended June 30, 2015, this lease was suspended during the remodeling, and other facilities were rented. The rent expense for the year ended June 30, 2015 was \$49,183.

NOTE 18-GANN LIMIT

Proposition 4, the "Gann" initiative, was passed by California voters in 1978 and is intended to limit government appropriations. According to California law, special districts must use the 1978-79 appropriations as a base year and modify that figure by the composite consumer price index and population changes which have accrued in subsequent years. Management calculated the appropriations limit for the year ended June 30, 2015, using the entire County population growth data and the blended City of Arcata/County unincorporated growth data. Based upon both calculations, the District's appropriations remain below the Gann limitation.

ARCATA FIRE PROTECTION DISTRICT BUDGETARY COMPARISON SCHEDULE Year ended June 30, 2015

	Original Budget	Final Budget	Actual	Over (Under) Budget
Tax Revenue	Duaget	Duaget	rictual	Budget
Property taxes - current secured	\$ 1,735,923	\$ 1,747,638	\$ 1,789,535	\$ 41,897
Property taxes - current unsecured	68,871	68,871	71,141	2,270
Property taxes - prior yrs secured & unsecured	30,133	30,133	48,865	18,732

ARCATA FIRE PROTECTION DISTRICT NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION June 30, 2015

Schedule of the Plan's Proportionate Share of the Net Pension Liability and the Schedule of the District's Contributions:

A. Changes in Benefit Terms: The figures shown in these schedules do not include any liability impact that may have resulted from plan changes which occurred after June 30, 2013 as they have minimal cost impact. This applies for voluntary benefit changes as well as any offers of Two Years Additional Service Credit (a.k.a. Golden Handshakes). Employers who have done so may need to report this information as a separate liability in their financial statements as CalPERS considers such amounts to be separately financed employer-specific liabilities.

B. Changes in Assumptions: None.
