Public Comment & Association Reports

Consent Calendar

Date: March 24, 2022
To: Board of Directors, Arcata Fire District
From: Justin McDonald, Fire Chief
Subject: Reclassification of Evan Gibbs to Fill a Permanent Fire Captain Position

DISCUSSION:

Last August, Engineers Gibbs and Benelisha were appointed to interim Captain positions. This action was done to accommodate the limited staffing of the third fire station and to fill the open Captain positions until a formal recruitment process could be completed. Since that time, Interim Captain Benelisha and Captain Hawks have left employment with the District. That leaves 6 FTE captain positions (including the position that Gibbs is currently filling). To maintain proper supervision while working the 72/96 shift the District will need to maintain 6 FTE. Staff is requesting that the Board authorize the reclassification of Evan Gibbs to fill one of the open Captain positions. Per the current MOU, his probationary status would be retroactive to his August 8, 2021 interim appointment date and he would be evaluated quarterly as such.

Once the labor contract is settled with the Local, staff is projecting a mid to late year recruitment process to fill the vacant Captain positions.

RECOMMENDATION:

Staff recommends the Board through the consent calendar approve the reclassification of Evan Gibbs to Fire Captain step 1 with an effective date of August 8, 2021.

From: Justin McDonald, Fire Chief
Subject: Approval of Resolution 22-256 Adopting an Updated Records Management Policy Manual and Retention Schedule

DISCUSSION:

This item was on the consent calendar for the March 8, 2022, Regular Meeting however, after the meeting, it was discovered that only the Records Policy was in the board packet, the Resolution itself was left out.

District Counsel recommended the same resolution and exhibit be placed back on the agenda and adopted, this time having both the resolution and the exhibit available in the packet.

RECOMMENDATION:

Staff recommends the Board Resolution 22-256 with Exhibit A, the updated Records Management Policy Manual and Retention Schedule.

**A RESOLUTION OF THE ARCATA FIRE PROTECTION DISTRICT BOARD OF DIRECTORS
ADOPTING AN UPDATED RECORDS MANAGEMENT POLICY MANUAL AND RETENTION
SCHEDULE**

WHEREAS, the State of California and Federal Government have specified time periods for which public records are required to be retained; and

WHEREAS, it is necessary for the efficient operation of the Arcata Fire Protection District to follow a procedure for the retention of certain and vital District documents and other records; and

WHEREAS, the systematic disposition of records that are no longer required expedites the filing and retrieval of documents needed for current operations; and

WHEREAS, in September of 2017, the Board adopted Resolution 17-180, approving a Records Management Policy Manual and Retention Schedule; and

WHEREAS, District Staff found it necessary to review and update the Policy to remain in compliance with legal requirements and ever-changing technologies; and

WHEREAS, the Policy has been reviewed and vetted by District Counsel.

NOW THEREFORE, BE IT RESOLVED THAT by the Arcata Fire Protection District Board of Directors hereby approves and adopts Resolution 22-256 and that the prior policy adopted as part of Resolution 17-280 is repealed and replaced in fully by policy attached to this resolution as Exhibit A.

**RECORDS MANAGEMENT
POLICY MANUAL AND RETENTION
SCHEDULE**

Purpose & Scope

The purpose of this policy is to provide guidelines to staff regarding Arcata Fire Protection District (Arcata Fire District or AFD) records; provide for the identification, maintenance, safeguarding, the retention and disposal in the normal course of business; ensure prompt and accurate retrieval of records; and ensure compliance with legal and regulatory requirements.

In compliance with California Government Code Sections 61061(c), 60200 through 60203, and the Local Government Records Management Guidelines prepared by the Secretary of State, the following is intended to define an acceptable records retention and destruction policy for the Arcata Fire District. This policy will illustrate the District's authority in records management, delineate a records retention schedule, and discuss storage, archiving and destruction.

Definitions of records referred to in this document are found in **Appendix C**.

Authorization

The Board of Directors authorize the Fire Chief to interpret and implement this policy, and to cause to be destroyed any or all such records, papers and documents that meet the qualifications governing the retention and disposal of records, specified in this document.

The Fire Chief shall appoint a Custodian of Records, who will oversee the records management program, including the Records Retention Schedule, found in **Appendix A**. The Custodian of Records will work closely with the Fire Chief and Chief Officers to promote the efficient and cost-effective conduct of District record keeping by reducing the number of records in active file areas, eliminating unnecessary retention of duplicate or obsolete documents, and providing for timely transfer of inactive files in compliance with legal requirements.

Records Retention Schedule

Establishment of a records retention policy and schedule allows the District to manage, maintain, retain, destroy, or duplicate records in compliance with the applicable provisions of the California Government Code. The Records Retention Schedule for the Arcata Fire District is found in **Appendix A** of this document and defines Record Types, provides a description or examples of what meets the criteria for that record type and details the legal authority and minimum retention period prescribed by said legal authority. The schedule also includes the legal authority abbreviations utilized throughout the matrix.

Storage

Permanent records should be kept in the original format, whenever legally required, or as indicated in Appendix A as requiring a "hard copy." In compliance with the California Government Code, Arcata Fire District will retain all documents required to be kept as permanent, in storage at the Administrative Offices located in the McKinleyville Station

Administrative Office at 2149 Central Avenue in McKinleyville, California, or, for those records not required to be retained in a hard copy, archived as allowed by this Policy.

Permanent records required to be kept in hard copy will also be archived as back-up in the manner prescribed in the following "Archive" section of this document. The archiving will not only allow for easier retrieval of records but will also serve as an added safety measure for aging documents in the event they deteriorate with time.

Non-permanent records will be retained in compliance with the retention schedule for the minimum legal retention period and pursuant to the legal authority specified in Appendix A. These documents will also be maintained and stored at the McKinleyville Station Administrative Office in either hard copy or electronic format as determined by needed space. As with permanent records, non-permanent records may be archived for back up as prescribed. Further, these documents will be disposed of in compliance with the methods recommended in the destruction section of this document.

Archiving

Certain documents require long term or permanent hard copy retention, and others may be archived for purposes of storage and space saving. To ensure efficiency and economy in utilization of office space for active records, all files not updated or referenced on a regular basis can be transferred to storage.

Documents that are not required to be preserved as permanent or in its original format, may be duplicated and stored in an electronic format. The Arcata Fire District will store and maintain its duplicated electronic documents in compliance with California Code of Regulation Section 22620.

Destruction

Once records have fulfilled their administrative, fiscal, or legal function, they should be disposed of as soon as possible in accordance with the Records Retention Schedule. This destruction should include originals, photocopies, and documents stored in any electronic format, unless the document is designated as a permanent record.

Records may be destroyed by shredding, recycling or via general disposal. Confidential records will be destroyed by shredding or other secure manner that preserves their confidentiality.

The Custodian of Records shall ensure destruction is coordinated and documented in accordance with this policy. Prior to permanent destruction, a list of records to be destroyed shall be presented to the Arcata Fire District Board of Directors for review. If there are no objections to the records due for destruction, the Board shall authorize the Fire Chief, in coordination with the Custodian of Records, via adoption of a Resolution, to proceed with destruction. The Resolution will identify the documents to be destroyed as an Exhibit to the Resolution acting as a Destruction Log. A sample of an authorizing resolution is shown in **Appendix B**.

Appendix A

The following pages contain the Arcata Fire Protection District Records Retention Schedule. The matrix is broken down into columns that define or provide an example of a Type of Record, the Description or Example of the record, the Legal Authority by which the record should be retained or destroyed, and a Minimum Legal Retention Period.

Destruction of any record must be authorized by the legislative body (Gov. Code §§ 60200 – 60203). Approval by the Arcata Fire District Board of Directors shall be via a Resolution.

Appendix C

The California Secretary of State Local Government Records Management Guidelines define **Records** as all papers, maps, exhibits, magnetic or paper tapes, photographic films and prints, punched cards, and other documents produced, received, owned or used by an agency, regardless of physical form or characteristics. These “Records” may be broken down further and can have additional definitions that may include, but are not limited to the following:

Definitions *(in alphabetical order)*

Active Records – As a measure of activity for records that are referred to at least once a month per cubic foot of records. Also – As a retention period for a Perpetual Record that remains “active” until some event occurs to change its status, at which time it has fulfilled its function. (See also Perpetual Record)

Administrative Records – Records commonly found in all offices and typically retained only for short time periods – less than five years. Examples include subject, chronological, budget, and policy files.

Archival Records - Records with enduring value because they reflect significant historical events, document the history and development of an agency, or provide valuable research data.

Discovery – The pretrial disclosure of pertinent facts or documents by one or both parties to a civil action or proceeding. Anything requested during discovery must be disclosed if it exists – even non-records and records that should have been destroyed earlier. Discovery effectively freezes selected holdings until released by opposing attorney or the court.

Local Government – Government Code, Section 6252 states: “Local Agency’ includes a county; city, whether general law or chartered; city and county; school district; municipal corporation; district; political subdivision; or any board, commission or agency thereof; other local public agency; or nonprofit entities that are legislative bodies of a local agency pursuant to subdivisions (c) and (d) of Government Code, Section 54952.”

Non-Records - Material not usually included within the definition of records, such as unofficial copies of documents kept only for convenience or reference, working papers, appointment logs, stocks of publications and processed documents, and library or museum material intended solely for reference or exhibition. Also, documents such as rough notes, calculations or drafts assembled or created and used in the preparation or analysis of other documents. (See also **Discovery**)

Permanent Records – Records that are required in perpetuity, usually identified by statute or other written guidance. Examples include original birth certificates, death certificates, Spanish land grants, etc.

Perpetual Records – Records retained for an indefinite period of time and then stored or destroyed after some event takes place. Examples include office personnel files which are kept until a person leaves the office, policy files kept until the policy is changed,

contract files kept until the contract terminates, etc.

Program Records - Records that relate to the primary function of the agency in response to its daily mission. Examples include lien files, recorders files, election files, probate records, medical records, etc.

Public Records - Any information relating to the conduct of the public's business prepared, owned, used, or retained by any state or local agency regardless of physical form or characteristics.

Records - All papers, maps, exhibits, magnetic or paper tapes, photographic films and prints, punched cards, and other documents produced, received, owned or used by an agency, regardless of physical form or characteristics.

Records Retention Schedule - A list of all records produced or maintained by an agency and the actions taken with regards to those records. A retention schedule is an agency's legal authority to receive, create, retain, and dispose of official public records. It assists the agency by documenting which records require office or temporary storage, which records have historic or research value, and which records should be destroyed because they no longer have any administrative, fiscal, or legal value. In the event of litigation, courts accept a retention schedule as establishing an agency's "normal course of doing business".

Retention Period – The length of time a record must be retained to fulfill its administrative, fiscal and/or legal function. Then a record should be disposed of as soon as possible in accordance with an approved Records Retention Schedule.

Date: March 24, 2022
To: Board of Directors, Arcata Fire District
From: Justin McDonald, Fire Chief
Subject: Approval of Corrected Resolution 22-257 Adopting the Updated Master Salary Schedule

DISCUSSION:

At the March 8, 2022, Regular Meeting, the Board adopted Resolution 22-257 with Exhibit A via consent calendar. After the meeting, it was discovered that the incorrect version of the Master Salary Schedule had been used as Exhibit A. There were minor calculation errors in the salary schedule which were left behind from a previous version. The only changes that should have been on the updated salary schedule were those associated with the Chief's merit increase.

District Counsel recommended the same resolution be placed back on the agenda and re-adopted with the correct Exhibit A.

RECOMMENDATION:

Staff recommends the Board re-adopt Resolution 22-257 with the correct exhibit.
